

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (currently amended) An improved method for treating highly treatment experienced HIV-infected patients, which method comprises administering tipranavir in combination with an inhibitor of Cyp3A4 and capravirine.
2. (original) The method of claim 1 wherein the inhibitor of Cyp3A4 is ritonavir.
3. (original) The method of claim 1 wherein the tipranavir, inhibitor of Cyp3A4 and capravirine are administered in further combination with an optimized background regimen comprising at least one nucleoside reverse transcriptase inhibitor.
